A message from the Governor was received and read, in the words following:

STATE OF NEW YORK — EXECUTIVE CHAMBER,

ALBANY, April 15, 1920.

To the Legislature:

Early in September, 1919, upon the recommendation of the Reconstruction Commission, I appointed an unpaid committee, known as the State Highway Transportation Committee, consisting of Honorable Peter G. Ten Eyck, Chairman, and Frederick S. Greene, State Commissioner of Highways, William E. Dana, Chairman of the Council of Farms and Markets, Professor James E. Boyle, of the State College of Agriculture at Ithaca, and F. W. Finn, Secretary of the Motor Truck Express Committee of the National Automobile Chamber of Commerce.

This committee was appointed for the purpose of making a study and perfecting a program for the development of rural motor truck express routes in localities of the State where they would aid most in giving the farmer a more direct outlet for his produce, and especially, in view of the high cost of food products, to facilitate, if possible, the getting of food products to market, with a view of stimulating production and giving assistance in lowering the cost of living.

This committee has given freely of its time in making such investigations and has submitted to me a report, with certain recommendations, a copy of which report is hereto attached and transmitted to Your Honorable Bodies for consideration and such action as to Your Honorable Bodies may seem proper and necessary.

The committee urges that in order to properly carry on its work it should have sufficient funds to defray the expenses of the work of the committee in obtaining and compiling the necessary information, so that it can intelligently cooperate with the different communities in establishing rural express routes where needed. It is not the intention of this committee to extend State aid in any way to the establishment of these routes, nor to seek to establish them in localities where other transportation facilities are already provided. The purpose of this appropriation, if made, is

simply to provide an office and necessary clerical assistance for the committee to properly function.

This is a matter of so much importance, not only to the producer of food products, but to the consumer as well, that I believe that Your Honorable Bodies should give this request careful consideration.

(Signed) ALFRED E. SMITH.

Mr. Martin, from the committee on the judiciary, presented the following report:

To the Assembly of the State of New York:

By resolution adopted by the Assembly March 1, 1920, the judiciary committee was directed to investigate and inquire into the activities and methods of the New York Anti-Saloon League as soon as practicable and report the result of its investigations to the Legislature of 1920.

At the time of the adoption of this resolution and until April 1, 1920, the time of this committee has been almost exclusively taken up with the burdensome Socialist trial. During the progress of this trial over three hundred bills accumulated on the files of the judiciary committee. The consideration of this mass of legislation, necessitating, as it always does, numerous hearings, has occupied the attention of this committee during all its available time since April first — the committee being often obliged to work at night. Consequently no time has yet been available for this investigation and it has been physically impossible to comply with the resolution.

The object of a legislative investigation is to determine conditions in order to be able to frame intelligent and useful legislation to meet these conditions. It is not the province of a legisla-

tive committee to supplant the district attorney, or to collect evidence for that official. His facilities are ample for that purpose. If the Anti-Saloon League has violated any law, it is the province of the district attorney to prosecute it for that violation.

If, however, conditions are such that new legislation is needed to meet new conditions which have arisen, or, if the Anti-Saloon League, or any other organization, has been astute enough to evade the present existing statutes to the detriment of the public interest then an investigation is proper to determine what new legislation, if any, is needed to meet this new state of facts. Any investigation should be thorough and in this case would require a number of weeks' time, would require the employment of expert accountants, attorneys and stenographers and should not be attempted without adequate facilities for a thorough probe. A cursory examination would satisfy no one. In our opinion such an examination and investigation would cost at least \$25,000 and we believe that, if such an inquiry is started, its importance justifies the conclusion that it should be a joint inquiry by the Senate and Assembly with an adequate appropriation therefor. . . The report must of necessity be made to the next Legislature.

We, therefore, report that it has been impossible for us to take up the investigation of the Anti-Saloon League before this time, and we cannot take it up during the present session. We recommend that, if such an investigation be had, that it be by a joint committee of the Senate and Assembly with an adequate appropriation and a report be made to the next Legislature; that as to the advisability of any investigation whatsoever we report that, having had no time to consider any evidence in the matter, we can make no recommendation on this phase of the case, but must leave the same to the judgment of the Legislature.

Respectfully submitted,

Signed, LOUIS M. MARTIN,
Chairman.

Mr. Cuvillier offered for the consideration of the House a resolution, in the words following:

Resolved (if the Senate concur), That a joint legislative committee be created to consist of three members of the Senate, to be appointed by the President of the Senate, and four members of the Assembly, to be appointed by the Speaker of the Assembly, to investigate and inquire generally into the activities and methods of the New York Anti-Saloon League, with respect to the collection of moneys, the methods and sources of such collections, the expenditure of moneys, the objects and purposes of such expenditure, including expenditures, if any, to promote or prevent the nomination or election of persons to public office or election to party position and the methods of such league, by expenditure of money or otherwise, in spreading propaganda, or promoting or retarding legislation or influencing or coercing candidates for the office of State Senator or Member of Assembly into making promises in relation to their action on proposed or expected legislative bills; also to investigate as to whether such league, being a corporation, is organized or maintained for political purposes only within the meaning of section forty-four of the General Corporation Law; also to investigate as to whether said league has been guilty of violation of sections seven hundred and sixty-eight, seven hundred and sixty-nine and seven hundred and seventy-five of the Penal Law, in relation to corrupt practices; also to investigate whether such league has been guilty of a violation of section sixty-six of the Legislative Law, in relation to lobbying.

Resolved, That such committee shall choose from its number a chairman, and shall have the power to employ a secretary, counsel, stenographers, clerks and such other employees as it may deem necessary; that such committee is empowered to sit within and without the city of Albany, to subpoena and compel the attendance of witnesses, including the production of any books, papers or documents relating to the subject of its investigation, and shall possess all of the powers of a legislative committee including the power to punish for contempt of its proceedings.

Resolved, That such committee render a report to the Legislature of nineteen hundred and twenty-one the result of its findings, as to whether it has found the Anti-Saloon League guilty of any of the violations herein prescribed or of any other statute relating to the wrongful use of influence upon legislation; that such committee embody in its report such remedial legislation as it may deem proper either as amendments to existing laws or as new measures strengthening the corrupt practice act, the legislative lobbying act and imposing additional safeguards or penalties against the giving or asking to be given any anti-election pledge to support or to vote against any proposed measure.

Resolved, That the expenses of such committee, including the compensation of its employees and their expenses and the fees of witnesses in an amount not to exceed twenty-five thousand dollars (\$25,000) be paid out of the contingent fund of the Legislature in the manner provided by law.

Debate was had.

Mr. Speaker put the question whether the House would agree to said resolution, and it was determined in the negative.

Mr. Martin, from the committee on the judiciary, presented the following report:

To the Assembly of the State of New York:

Your committee has examined the resolution referred to it of date of April, 1920, charging one William H. Anderson with contempt of the House in writing certain letters of and concerning certain members thereof, particularly the Hon. Louis A. Cuvillier, member from the 20th District of New York county, and the Hon. Ransom H. Gillett from Columbia county, and also of and con-

cerning the other persons mentioned and set forth therein, and have examined the memoranda of law and facts submitted by the respective parties.

There seems to be no question of fact to be considered in this matter. The making of the statements in the letters is not disputed and as to those directed against the Assemblymen seem to be statements which would involve them personally, rather than the House itself. If libelous, the remedy lies with the members themselves in a court of law. The charges made against these members, in the opinion of your committee, establish nothing. These gentlemen who have been in the past and now are of the highest standing in the House. Attacks of this kind are to be deplored and condemned in the most emphatic manner. They have created a condition in the Assembly that makes it extremely difficult for loyal temperance men to support the principles of prohibition, but they reach the individuals themselves and not the Assembly as a whole. To hold otherwise would bring into the House yearly complaints of individual members against an assailant and result in innumerable proceedings of this character.

The question is, do these letters assail the House as a body? This question may be answered in the negative. We must consider not what Mr. Anderson thinks of individual members of the House, but whether his language is such as to hold the whole body up to contempt and ridicule before the public at large and thereby tend to destroy its dignity and influence.

After reading the statements made in these communications, we cannot but come to the conclusion that the public will be little affected by their contents and that they will produce in the minds of the thinking and reading public no sentiment detrimental to the legislative body.

For these reasons your committee recommends no further action be taken by the House in the premises.

Respectfully submitted,

LOUIS M. MARTIN,
Chairman.

GEORGE ROWE,
Vice-Chairman.

Mr. Cuvillier offered for the consideration of the House a resolution, in the words following:

Whereas, William H. Anderson, State Superintendent of the Anti-Saloon League of the State of New York in a speech that he delivered in the city of Buffalo on or about March 7th, in reference to the resolution passed by the Assembly to investigate the Anti-Saloon League stated:

"The most unfortunate thing connected with the whole fight at Albany as it has now developed is the threat of a few service men who are brewery tools to line up all of the service men in the Legislature in favor of a nullification beer bill," as published in the Buffalo papers; and

Whereas, William H. Anderson, State Superintendent of the Anti-Saloon League on March 17th on the stationery of the Anti-Saloon League of New York caused to be published under his signature an open letter to Col. Ransom H. Gillett, a member of this House, stating among other things, "The people whom you slandered yesterday were fighting the Germans years before you began, in order to avert a peril which you had neither the intelligence to comprehend, the moral instinct to resent, nor the courage to oppose, there is something wrong with either the head or the heart of a man who fought the Imperial German Government in France to establish the political freedom of the world, and then comes home to help the German brewers to regain control of American politics."

Whereas, Under date of March 17, 1920, a printed communication was addressed over the signature of William H. Anderson "To the pastors of New York State who intend to see the prohibition fight through, starting with the following paragraph:

"With the exception of Mr. Cuvillier who, if he allowed the hair to grow on his face, could impersonate the missing link without 'make-up' most of the Legislature, at least those who have any degree of responsibility and can see beyond the surface, are in something like the frame of mind respecting the investigation of the Anti-Saloon League as the man who had the bear by the tail and wanted to let go;" and

Whereas, By a resolution adopted March 22, 1920, charging William H. Anderson with contempt of this House in writing said letters and assailing ex-service men, members of said House, whereas, by said resolution William H. Anderson was required to appear before the judiciary committee of the Assembly at the convenience of the committee and to have counsel. His counsel the Hon. Edward T. Brackett filed a brief in behalf of said

William H. Anderson admitting the authenticity of said letters and not offering any apology for same, and the facts are admitted.

Whereas, Under the provisions of the Legislative Law, the said William H. Anderson by speaking and writing the letters as aforesaid has made a false and malicious report of the conduct of the said Ransom H. Gillett and Louis A. Cuvillier, members of this House, in their legislative capacity and tending to interrupt the orderly proceeding of the said Assembly, and contemptuously offended the dignity of the said Assembly and the honor and integrity of its members; therefore

Resolved, By the Assembly of the State of New York, That William H. Anderson be censured for his conduct as aforesaid, and for said contempt whereof he stands convicted, and that the sergeant-at-arms be directed and commanded, under the order or warrant of commitment of the Assembly duly issued by the Speaker thereof under his hand and seal and the seal of the Assembly, forthwith to convey and deliver him, the said William H. Anderson, into the custody of the sheriff of the county of Albany in the Albany penitentiary of said county, and he, the said sheriff, is hereby required and commanded to receive him, the said William H. Anderson, into his custody in the said penitentiary, and him safely keep in prison and detain there until the final adjournment of the present session of the Legislature, unless sooner discharged by order of the Assembly.
